Haven't received your response

Dear McKinnon,

RECEIVED  
CENTRAL FAX CENTER  
JUL 19 2005

According to the PAIR system, Abandonment for Failure to Response to Office Action was mailed on July 13, 2005. But we haven't received the said response so far and we sent e-mails on June 1 and June 8, 2005 to let you know such fact (please refer to the following messages.) We have been checking our mail box but no response was received indeed. Today I login in PAIR system and I'm really surprised you sent a mail of Abandonment. I understand that we need to change "symbols" in our claims into narrative statements and one-month extension fee is needed, too. Is it possible that you can give us a chance to send you amended claims and recall the abandonment? I've checked the Patent Petition Fees on USPTO website and I think our patent application should apply to the fee to revive unintentionally abandoned application. That is, we should pay 750 USD for small entity fee. It is quite a large amount for us so please recall the abandonment. Thank you for your kind attention.

Yes, your extension of time is needed. As soon as your information is recorded here at the USPTO I will send you an e-mail to let you know.

Dear McKinnon,

So far we haven't received your response which you mentioned below.  
As I know, the needed extension fee is 60 USD, isn't it? I think after I finish the amendments of claims I'll mail the amended claims along with the extension fee to USPTO so that you can proceed accordingly.  
Let's keep in touch. Thank you for your attention.

I mailed the applicant a response stating that a one month extension of time is needed for the amendment dated September 27, 2004. Then, I can respond to the September 27, 2004 amendment. The symbols in " "

in your claims are not permissible. You should describe them in a written manner. I will do all I can to permit allowable subject matter.
